

## Further information – DANCE FUSION Holiday Courses

This course is suitable for those aged 5 years and above.

Once we have confirmed numbers and participants, we will tailor the detail of the course contents for those attending, focussing tuition at an appropriate level to challenge all those on the course working on a variety of dance styles, technique, stretch & strengthen and performance.

It will be one class, however if necessary, we will split the class into groups according to age and need, e.g. one group may learn a more simplified version of the same routine.

### Course Times

9am - 3pm

Participants will need lunch and snacks provided - we send full details out of what to wear, bring etc nearer the time to all those who have registered. We will of course have the facility to refill water bottles.

The course will be divided into a morning and afternoon session to include breaks and a lunch break of about 1 hr.

If you have any further questions, please contact us.
