

Safeguarding of on-line classes and tutorials

Guidelines for Parents and Pupils

By you or your child taking part in this tutorial/class you agree to abide by and observe the following;

Participation in the Zoom Tutorial

1. Parents of students under the age of 16, please make sure you are present whilst we conduct the Zoom tutorial, but please make sure that it is only the student in sight of the video screen, so that we can clearly see the student and nobody else. If we see anyone else in the shot we may need to terminate the students' participation.
2. Depending on how the teacher sets up the Zoom tutorial, students may be able to see each other whilst taking part. Please ensure that where possible the background is clear and free from display of sensitive information.
3. This technology requires the use of a webcam, so we recommend that you have good computer security software installed. A good security suite includes antivirus, anti-spyware and a firewall amongst other tools. We also recommend that you ensure your wireless network has strong security settings and a good password.
4. By participating in the tutorial you understand that we cannot completely control the peripheral activity in a home / place of transmission of the tutorial.

Physical Safety

1. Make sure there is enough space to move safely, we recommend at least 2 square metres and at least 2 metres of head height, per participant.
2. Make sure your floor surface is suitable and you have asked the house owners permission to dance. Please also make sure the surface is not slippery.
3. If you are 'Tapping' have you tested-out a small area to make sure it doesn't damage? (You could put Jazz shoes or hard-soled shoes on if needs be)
4. Move things to the side of the room, if possible/if allowed, to create enough space to move safely.
5. If the participant is unable to follow the teachers instructions they should cease the class immediately until it is possible to ask the instructor for further guidance.
6. Your child must be wearing the correct uniform for their dance class. The correct attire means safe dance practice - wearing unsuitable clothing could result in injury.
7. Late participants will not be accepted into the class for health and safety reasons. Missing out on the warm up can result in injury and also means you will not be focused for the rest of the class.

Participation in on-line tutorials is at your own risk, neither Buntingford School of Dance Ltd nor its teachers can accept liability for damage or injury howsoever caused.
